Detailed Accounts with Schedules & Audit Report are available at the Head Office. Also available online at www.helpageindia.org

The Government of India has recognised HelpAge India's work by according donations made to it eligible for tax exemption.

MESSAGE FROM THE CHAIRPERSON

Ageing is inevitable, we all are going to get there and there is no running away from that reality. How we choose to age and how we choose to treat those ageing, lies entirely on us. United Nations has termed India, an ageing country, we have an elder strength of 104 million. We need to prepare now to ensure that our elders and our later years are lived with independence & dignity.

Elders today are struggling against the odds of failing health, lack of financial resources, retirement, bereavement, lack of social inclusion, isolation, financial constraints and Elder Abuse. We need to strive hard to make India an age-friendly nation and empower our elders, and implement programs catering to their social, financial, psychological and holistic needs.

As I join the board of HelpAge India as its Chairman, therein lies a huge task ahead of me, of serving our vast family of disadvantaged elders. 88 percent of our elders over the age of 80 years face chronic ailments. 12 million are blind and 90 million need to work in order to survive. These are hard numbers to contend with. Needless to say the challenge is formidable.

By 2050, the elderly are projected to constitute 20 percent of the total population, 324 million. India is ageing faster than we think.

Today's elders also face the challenge of the 'digital divide' alienated by technology and struggling to cope with the millennial generation, they no longer feel they are the *Gurus* of knowledge, for now there is Google Search. We at HelpAge strive hard to bridge this divide by conducting Digital literacy workshops, so they are not isolated socially and become independent.

While in rural India, we work towards making them self-sustainable, by encouraging them to form Elder-Self-Help-Groups. To envision a better India for our elders, it is important that we be connected with the ground realities. One needs to get innovative, find means and look at solutions that work for the elderly at the ground level.

Proper Healthcare and social security are foremost needs of the disadvantaged elder. HelpAge is therefore driving vigorously our advocacy efforts with Central and State governments at the policy level. We work with not only a Welfare, but as well as a Rights based approach, the aim is to ensure our elders get what is rightfully theirs.

As Indians, we have always had the power to innovate, create and transform. If we put this very skillset to use, to create a better environment for our elders and treat them with love, care & respect there is nothing we cannot achieve. Every time a disaster strikes, we all open our hearts and purses generously, to help those in need, if we made that little effort on a daily or more frequent basis, we can change the lives of millions of elderly. Every single rupee goes a long way in helping those who have nothing or no one to support them.

It is humbling to see the focus and dedication of my staff and colleagues at HelpAge India. They work tirelessly to help our elders in need.

The road ahead is filled with challenges, but as we look ahead, we envision a society where elders live with dignity and self-respect, and we will continue striving hard to make that a reality.

Kiran Karnik
Chairman

New Delhi
Sept. 2018

MESSAGE FROM THE CEO

The population of India's elderly has grown to almost 9 percent of the total population. The fabric of the Indian family structure is rapidly changing. A country which always prided itself in respecting elders, today faces the grievous challenge of 'Ageism', discrimination based on Age. This trend can in fact be seen globally across all countries. The impact of 'Ageism' and elder abuse can be seen across all strata of society. They face discrimination not only from society at large, but from their own kin.

The government as a measure of protection and a tool of empowerment therefore, came up with the 'Maintenance and Welfare of Parents and Senior Citizens Act' in 2007, as per which the primary care-giver / children have to fulfill their responsibilities of looking after their elder parents and failing to do so would hold them punishable by law.

While the Act in itself is a huge step towards bringing elder needs to the forefront, there is much left desired in its implementation. This year we therefore conducted a 'Preliminary Study on the Effectiveness of the Act' with the aim to assess and understand its effectiveness on-ground. The results of the Study were disturbing as you will see in the highlights of this Annual Report. There is a huge lack of awareness about the Act. We at HelpAge therefore conduct awareness workshops with Senior Citizens Associations so elders become aware of the legal recourses they can take in case of abuse & neglect.

With increasing digitization of India, elders often get left behind, socially excluded, as they are unable to keep up with changing technology, our Digital Literacy program for elders has gained much popularity amongst the silver haired generation and we are planning to step this up further in the coming years.

We continued working hard in our focus areas like - access to healthcare, eradication of preventable blindness, ensuring entitlements, creating a national platform for elderly, livelihoods for elders and inculcating agecare values in the younger generation. We launched our pilot Homecare project in 3 locations Leh, Shimla and Cuddalore and stepped up home visits to immobile elders. It is important that we remain honest & transparent in our workings, we therefore became the first non-profit to open itself to public scrutiny by organising village level Social Audits in the form of *Jan Sunvais* at the village and block levels.

While work carried on, we faced many setbacks along the way, the foremost being the loss of our beloved President Emeritus, Mr. M.M.Sabharwal, the Man behind the Mission – our strength & guiding light. He left us with a sense of deep loss, leaving behind an unforgettable legacy. His passing away has left an indelible mark on all of us here at HelpAge.

As we move into our 40th year, there is much left to be accomplished, elders need to be empowered and need sustainable solutions to live life with independence. We have come this far thanks to the generous support from our donors from all spheres – corporates, individuals, schools, institutions and partners. I thank them deeply for their continued belief and support towards the elder cause. I hope they continue to walk the mile with us in creating a society where our elders can live with dignity, independence & hope.

Mathew Cherian
CEO

New Delhi

REMEMBERING THE MAN BEHIND THE MISSION

Madan Mohan Sabharwal
(1922 – 2018)

Tall, stately, dignified with a warm smile always ready to greet you. That for most was Madan Mohan Sabharwal. But behind that smile was a will of steel.

It was year 1980, which brought this force to the doorsteps of HelpAge India, an individual who was to become an integral part of the HelpAge story and its landscape.

Madan Mohan Sabharwal was born on August 21, 1922, he graduated from St. Stephen College in 1942. Thereafter, inducted as a trainee with Dunlop India Ltd, he rose to be the Chairman of the company. Retiring from the post after 35 years. He became a force to be reckoned with in India's corporate circles, Sabharwal's rich career included being former Chairman of several conglomerates including Shalimar Paints, Needle Industries (India) Pvt. Ltd, Britannia Industries and Bata India.

Tragedy struck when his wife died, leaving him a widower at the ripe age of 51. Bereft, Sabharwal began to focus his attention on something meaningful where he could make a positive difference - the cause of the aged. He decided to use his corporate network for the good of the destitute elderly in India. He diverted his energies and passion towards helping the disadvantaged elderly.

Interestingly, initially Sabharwal was reluctant to join the organisation when he was invited to do so in 1980 by the then President of HelpAge, as he felt he would not be able to give the cause the adequate time it deserved. *"They, however, returned after two or three months saying - We need only one hour from you every day. So, I had to agree, little realising that this would become my all consuming passion,"* said Sabharwal. In due course of time, Sabharwal took over the reins as President of HelpAge India's Governing Body in 1986-87, succeeding John F. Pearson, one of HelpAge India's founders.

Sabharwal has gone on record to say, that he feels it is the responsibility of the younger generations to look after the elderly, who have done so much for them in their lifetime.

"It was ingrained in me since childhood to love, respect and care for the elderly by my parents and HelpAge gave me this opportunity to propagate that feeling in others," said Sabharwal.

The view came from Sabharwal's own experience having looked after his parents. Working for an organisation like HelpAge, however, was a different story. *"It was a small set-up working for poor elderly people at the YMCA building. My job was to make it an all-India organisation and work for people from different communities,"* said Sabharwal. Under his dynamic leadership, HelpAge India gathered momentum and grew into a nationwide institution.

He received a clearer insight into the Government's National Policy for Older Persons formulated in 1999 — its loopholes and lacunae, which he felt fiercely driven to correct. Sabharwal soon joined the small committee set up by the Government to review the policy. *"The policy treated everyone above 60 the same way. Those above 80 have much more age-related disabilities, their needs are different from those in their 60s, we pointed this out to the Ministry,"* he said.

He always believed that senior citizens deserve a life of dignity, filled with love and care. His pioneering role in the movement for the care of the elderly found recognition when he was elected as the Chairman of HelpAge International and went on to receive the Honour of Excellence from the United Nations, during his tenure.

A glimpse into his life...

This was a landmark achievement, as for the first time a person from the developing world received such distinction.

In 1998, the British government honoured him with an OBE for his role in promoting Indo-British partnership in social welfare. He was nominated member of the National Council for Older Persons by the Ministry of Social Justice and Empowerment in 2005, and honoured by the Union Minister for Social Justice and Empowerment with the *Chirayushya Samman* in recognition of his exemplary contribution to public life. It came as no surprise therefore, when he was later awarded the Padma Shri Award in 2008.

Sabharwal has always maintained that in a society whose fabric is changing as fast as India's, the elderly need to be taken care of more than ever before and it was this belief that finally led him to join the cause. He wanted to raise funds for programs that would assist the elderly and educate the common man about the kind of plight senior citizens often found themselves in. Though his designation changed over the years, his association with HelpAge India continued as its President Emeritus till his demise in March 2018.

HelpAge has lost its strongest pillar of support and inspiration, but will carry on his legacy in the years to come and keep serving the disadvantaged elderly.

We Miss you!

VOICES FROM THE FIELD

This Year we bring you voices from the heartland of east India - Bihar. Traveling deep into its interiors and far flung villages, to its capital Patna. Real voices of real people from the elder community. Each story is a fight for survival, independence & dignity.

PHYSIOCARE

"The mind when housed within a healthy body, possesses a glorious sense of power" – Joseph Pilates

"With regular exercise and physiotherapy, I am able to walk again. I don't feel the pain now" - says a smiling Lakshmi Devi.

Ageing often brings with it, its own set of physical challenges. The body becomes more vulnerable to ailments and there is an increasing sense of physical inadequacy in the older person, as managing day-to-day activities become a struggle.

For 62 year old Lakshmi Devi, life was a daily struggle. Widowed at a young age and having no immediate family support, Lakshmi Devi had no one to turn to, on that catastrophic day when she fell down and broke her back. With no money, getting proper treatment was out of the question for her.

Treated as a liability by her relatives, she was left at 'Ashray' old age home in Patna to fend for herself. Living in excruciating pain and virtually bedridden, Lakshmi had given up on life, but fate had other plans for her as HelpAge provided physiotherapy treatment to the elders of the home. After six months of rigorous treatment she is now able to walk again with the help of a stick. The regular exercises and medicines have worked wonders on her back and she does not feel anymore pain.

She is regular with her physiotherapy sessions and never misses a day. Today, she walks with dignity and a sense of hope.

LIVELIHOOD & SUSTAINABILITY

"Women are the real architects of society" — Harriet Beecher Stowe

"I am not dependent on anyone anymore and I am financially secure" - says 72 year old, Gulabi Devi.

Life for the 72 year old, Gulabi Devi, a native of Kanakpur village of Dharbhanga district in Bihar, has significantly changed since 2014 after she joined the Elder-Self- Help-Group, an initiative by HelpAge India.

Married at the young age of three, Gulabi Devi still bears the innocent smile of childhood, despite the harshness life has meted out to her. She stays with her husband and survives on his meager wage of a farmer which is not enough to feed them even two meals day. Though she has 3 sons and 1 daughter, they are unable to support her. Asthma made her condition worse, as it was difficult for her to find work. In such a situation buying medicines and getting treatment was out of question. However, this changed, when she heard about *"Vishwakarma Vridh Swayam Sahayata Samooh"*, a local Elder-Self- Help-Group which HelpAge India helped form by providing it seed money and is now consistently monitoring its progress.

The group consists of 18 women who pool in Rs.10 each week. They use the money to purchase groceries and vegetables in bulk and then sell it at a lower rate than the existing market rate, making substantial profit. The group members are also able to help each other in times of need, in case of medical emergencies or if a loan is required.

Being part of the Elder-Self-Help-Group has not only created an opportunity to earn for Gulabi Devi, it has made her self-reliant and financially secure. She now has the confidence to make her own decisions and has found a secure network of friends & women who are empowered and independent like her.

DIGITAL EMPOWERMENT OF ELDERS

"To teach a man how he may learn to grow independently, and for himself, is perhaps the greatest service that one man can do another" - Benjamin Jowett

"I don't have to be dependent on anyone for assistance each time I have a problem with my Smart Phone, life has become a little easy now" - says Anil.

65 year old, Anil Kumar Jha, is a member of the *Pragatisheen* Senior Citizens Association in Muzaffarpur, Bihar. A well developed district with retired professors, educationists and government employees, yet the elders here struggle to keep up with today's fast paced technology.

Elders whose learning were based on linear models of information such as textbooks and paper. The world of internet was a barrier they yet had to cross.

Life for Anil after retirement had taken a complete 360 degree turn. From being a high ranking government official to a retired man, life had changed. He had time to spare, but nothing to do and no one to talk to. He stays with his wife, while his children and grandchildren are in another city and it is difficult to meet them. He misses them dearly as he is unable to talk to them regularly. Ever since he started attending HelpAge India's Digital Literacy workshops for the elderly, life for Anil has changed dramatically.

He is now able to talk to his grandchildren more frequently using features like WhatsApp and Skype and is more involved in the lives of his children. He can now book his own tickets and pay for his utility bills online and doesn't depend on anyone anymore.

RESTORATION OF VISION

"The eyes indicate the antiquity of the soul" - Ralph Waldo Emerson

"I could not see clearly, everything was hazy, but now I can see clearly" - says 62 year old Siyaram.

Siyaram Ram, 62 years, a farmer from Bhagwanpur village, Supaul district, Bihar, was finding it difficult to go to work everyday as his vision started blurring. Unable to work in the paddy fields anymore. The fear of losing his only means to livelihood was looming before him.

So he decided to go to the nearest government hospital to get treatment. However the medicines did not help him and his condition worsened. His movement became restricted and affected his work.

After months of struggling with his eyesight, there was a ray of hope when he heard about an eye screening camp being conducted by HelpAge India, from a well-meaning neighbor in the village. He went to the camp and got his eyes screened and discovered he had cataract. He needed to undergo an operation but had no money to pay for it. HelpAge supported the cost for his surgery and now Siyaram is able to see again clearly.

Today, new glasses stay constantly perched on his nose and a happy Siyaram is back to work and back to life again.

There are many destitute elders like Siyaram, who cannot see clearly for the want of a simple cataract surgery. Especially those elders living in the interiors in rural areas, who have no access to proper medical facilities, most of whom are too poor to afford the cost of medicines or treatment. HelpAge India conducts cataract surgeries for such elders free of cost and helps restore their sight and gets them back on their feet again.

HEALTH ON WHEELS

“The groundwork of all happiness is Health” – Leigh Hunt

“The medicines give me relief from pain. I enjoy coming to the site every week, I’ve found new friends” – says a smiling Tara Devi.

Tara Devi, 80 year old resident of Singhara village, Patna district, Bihar, walks nearly 2 kms every week, even under the scorching summer sun, to the HelpAge Mobile Healthcare Unit (MHU) site in neighboring Tajpur village.

A widower, she lives with her son and his family, yet no one assists her. Suffering from joint pains and breathing problems for the past 5 years, she had tried to seek help from the local hospital, but it was of no use.

She then one day heard about HelpAge India’s Mobile Healthcare Unit from other women in her village and curiously followed them to the MHU site. She has ever since been a frequent visitor to the MHU.

Regular treatment and check-ups by the MHU doctor has kept her illness in-check and her condition has improved considerably and the pain reduced.

Today, a smiling Tara Devi greets you surrounded by her new-found friends. No longer dependent or helpless, she is an inspiration to many of her peers.

AGECARE INITIATIVES GET A BOOST

Caregiving with Care

Ageing brings with it a number of challenges, especially physical fragility in many cases, which makes life difficult for elders, as many don’t have carers who can look after their basic needs. They either live alone, or have children who are out at work, leaving them with no support to carry on with even simple day-to-day activities like bathing, brushing teeth, going to the washroom or eating themselves. Some are virtually bedridden.

HelpAge therefore launched a pilot training program in **Geriatric Caregiving** - a Home Care project, with support from HelpAge International in Leh (J&K), Shimla (HP) and Cuddalore (TN). A niche cadre of young people were trained as care-givers, so they can assist physically challenged elders in their day-to-day living. 350 caregivers have been trained in this pilot program. The training was assisted by faculty from AIIMS, New Delhi. The project had linkages with CanSupport, respective State governments and district authorities. These caregivers are now providing home care services to more than 1000 senior citizens across the three locations.

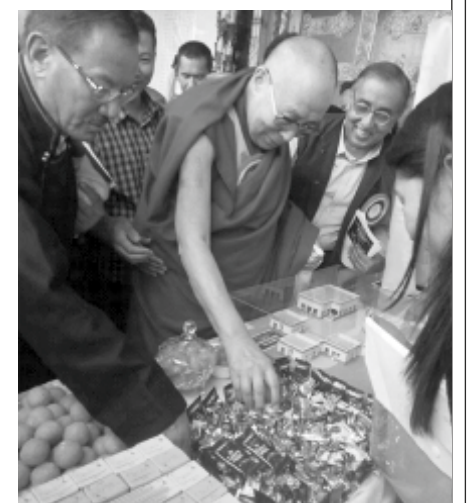

Two young women, assist an elderly lady at the Tibetan Refugee camp in Leh, as part of developing their skills in care-giving, during a care-giving training session organized by HelpAge India.

Model Agecare facilities for elders in Cuddalore & Leh

Recognizing the growing need of destitute elderly seeking long term care & shelter, HelpAge India along with Neyveli Lignite Corporation inaugurated the ‘Ananda Illam’ Home for the elderly in Cuddalore (TN), having the capacity to accommodate 100 elder residents.

Similarly, with support from REC Foundation, groundwork was initiated for the establishment of a 60 bedded Old Age Home in Shey Village at Leh (J & K). The foundation stone was laid by His Holiness the 14th Dalai Lama Tenzin Gyast. The home will provide facilities of recreation, boarding, lodging and a prayer room. Activities like cattle rearing, kitchen gardening are planned along with visits of the local ‘Aamchi’ (the Tibetan Medicine man) and a volunteer physician to look after their medical needs.

His Holiness the 14th Dalai Lama Tenzin Gyasto, playfully picks a chocolate of his choice during his visit to Leh, Ladakh, to lay down the foundation stone for Gantsos Khang ‘Aashraya’, a model old age home to be set-up in Shey village in Leh.

Reunited with Family - Help is just a call away

Thirupuram, 65 years, was found wandering on the streets of M.G.R. Nagar, Chennai (TN). Suffering from Dementia, she was unable to speak or recollect anything about her life or where she came from. Noticing her condition, the local residents alerted the Police Station and the Sub-Inspector contacted the HelpAge Elder Helpline. The Helpline team rushed to her aid and found her undernourished and weak. She was then admitted in *Vuyirolu* Old Age Home in Red Hills. But destiny had other plans, on the same day the Helpline received a call from the Sub-Inspector informing that someone had lodged a Missing Person's complaint regarding his mother, who had been missing since the last 15 days. The details furnished, matched with that of Thirupuram. The Helpline team immediately took Thirupuram to the Police Station where her son was waiting. On seeing Thirupuram, her son and daughter-in-law hugged her tight, it was an emotional reunion. They thanked the HelpAge staff and L&T Construction (*who support the Helpline project*) for acting swiftly and bringing back joy into their lives. Today, Thirupuram is back home surrounded by her loved ones.

There are many elders like Thirupuram who are in dire need to help and assistance. The HelpAge Elder Helpline (1800-180-1253) offers various services - from rescue of abandoned elders, to providing a safe haven for those who have no shelter or anyone to turn to, to counseling those in distress, legal support, disseminating information related to government schemes & services beneficial to them, and many more.

A Better quality of life

Realising the need for a Centre that caters to elder needs exclusively, an **Active Ageing Centre at Fort Kochi**, Kerala, was launched by HelpAge, supported by the Kochi Municipal Corporation. A fully furnished Centre, it provides various services to elders such as setting up of awareness camps on legal & financial issues, digital literacy workshops, yoga classes and has a fully stacked Library, assistive devices like wheelchairs, walking sticks and a full time Counsellor. Meanwhile in Goa, HelpAge launched a **Physiotherapy Centre for the elders of Goa** to give them relief from mobility challenges such as back pain, joint pains, arthritis, paralysis etc. The Centre is fully equipped to provide electrotherapy, therapeutic exercises and has a qualified physiotherapist for treatment.

Ms. Soumini Jain, Hon'ble Mayor of Kochi, along with Mr. Mathew Cherian, CEO, HelpAge India, inaugurates the Active Ageing Centre at Fort Kochi, Kerala, supported by the Kochi Municipal Corporation. Looking on is Mr. Biju Mathew, State Head - Kerala, HelpAge India.

Mr. Pandurang Madkaikar, Minister for Social Welfare (Govt. of Goa), inaugurates the new HelpAge Physiotherapy Centre for senior citizens at Morjim, Goa, supported by Blue Cross Laboratories Ltd. Also seen are Mr. B. G. Barve, Jt. Managing Director, Blue Cross Laboratories and Mr. Prakash N. Bargaonkar, Territory Head - Maharashtra & Goa, HelpAge India.

Disaster Management – Rebuilding Lives

Floods once again ravaged the country leading to large scale flooding & destruction in the states of Assam, Bihar, Gujarat and Rajasthan with enormous destruction to homes, livelihood, livestock and lives.

In Assam, nearly 33 lakh people were affected by floods in 25 of the 32 districts, including Dhemaji, Lakhimpur, Biswanath, Sonitpur, Darrang, Baksa, Nalbari, Barpeta and Bongaigaon. In Bihar, 514 people lost their lives and 8.5 lakh people lost their homes, with Araria district alone accounting for 2.2 lakh homeless people. In Gujarat, nearly 224 people died in the floods with 5 districts badly affected, the worst being Banaskantha district. In Rajasthan, the 5 districts of Jalore, Pali, Sirohi, Jodhpur and Barmer are at risk of water-borne disease outbreaks.

The HelpAge team immediately got into action and provided emergency medical relief in Araria, Madhubani and Darbhanga districts in Bihar, Chandrapur Development Block in Kamrup and Morigaon districts of Assam, 22 villages of Banaskantha & Patan districts in Gujarat and in 4 blocks of Barmer district & 3 blocks in Jalore district in Rajasthan.

Emergency Relief Packages of food and basic necessities were distributed to at least 3000 Households in Assam, Bihar and Rajasthan. To avoid plague & disease mosquito repellents and coils were also distributed in Gujarat.

Assam: Relief team with medical supplies in Kamrup district.

Rajasthan: A free medical camp set up for those affected in Dhanta village, Sanchore Tehsil, Jalore District.

Bihar: A special health camp for flood victims at Mahiya Village, Tardih Block, Darbhanga district.

Gujarat: HelpAge MHU team providing medical relief in Nanapura village, Radhanpur Taluka, Patan district.

ANNUAL REPORT 2017 - 18

ADVOCACY

RIGHTS & EMPOWERMENT

As HelpAge steps into its 40th year, it reinforces the need to advocate for elder rights such as Universal Pension, quality healthcare, food security, action against Elder Abuse and many more at a national, state and societal level with Central and State governments. It advocates for elder friendly policies and their implementation thereof. It works towards sensitizing elders on the various tools available for them to fight for their own rights – such as elder friendly Policies, Acts, and Schemes beneficial to them. It conducts workshops to enable them to stay abreast with the latest Digital Technology to help make day-to-day living easier, imparts knowledge on better financial planning and awareness on the Parents and Senior Citizens Maintenance Act among a host of others. The aim is to serve elder needs in a holistic manner, enabling them to live active, dignified and healthier lives.

HelpAge has been working on Pensions for older people as an only sustenance for old age. Mr. Mathew Cherian, CEO has been appointed as "amicus curae" to Supreme Court, in care for elderly rights, where pensions, old age homes for the destitute elderly and health care is being considered.

HelpAge India releases study on the 'Effectiveness of the Maintenance and Welfare of Parents and Senior Citizens Act, 2007'

In the December of 2007, 'The Maintenance and Welfare of Parents and Senior Citizens Act' came into existence, recognized by the Constitution of India. An Act meant for safeguarding elders against abuse and towards providing effective provisions for their maintenance, so they can lead secure and dignified lives. Applicable for parents, grandparents & senior citizens who are unable to maintain themselves from their own income and property, who are therefore entitled to demand maintenance from their children & specified relatives respectively, with sufficient means. If the person responsible for the care of the senior citizen fails to do so, he/she will be punishable under the Act with imprisonment of either three months or a fine up to Rs. 5000 or both.

It has been a little over 10 years since the Act came into being, with the aim to assess and understand the effectiveness and implementation of the Act, HelpAge India conducted a 'Preliminary Study on the Effectiveness of the Act'.

The Study was based on a primary survey conducted in 8 districts of 4 states - Punjab, Haryana, Kerala and Tamil Nadu. These states were selected based on the preparedness to implement the Act and the number of cases filed and settled over a period of time. Two districts from each State were selected based on the highest number of petitions filed - Amritsar & Ludhiana from Punjab, Ambala & Gurugram from Haryana, Ernakulam & Thiruvananthapuram from Kerala, Chennai & Thiruvallur from Tamil Nadu.

Voices.....

"I have a son, daughter in-law and grandchildren, but banished to live alone with strangers" – says a teary, Satwanti Kapoor, a 70 year old widow, who today lives in an old age home in Amritsar.

64 year old, Joseph and his wife, from Ernakulum district, used to get beaten every evening after their son consumed alcohol. *"Now I have decided that after my death, the property will go to my daughter and not my son."*

HIGHLIGHTS OF STUDY

- Punjab had highest number of petitioners in the age group of 80+ compared to only 9% in Haryana.
- 70% of the petitioners were getting some kind of old age pension but 16% were not getting any pension and were totally economically dependent.
- 58% Petitioners faced physical abuse (beating and hitting), 28% suffered mental torture.
- 83% Petitioners had already transferred the entire immovable property in favor of their children.
- 57% stated the main reason for filing the Petition was due to neglect by the children (in Punjab, Haryana and Kerala), while 36% stated physical abuse and mental torture (in Kerala and Tamil Nadu).
- Among all the petitioners, 52 % applied for Maintenance Allowance and 48 % for Property related Disputes including the revoking of Will.
- 42% had to make repeated visits to the Tribunal as the date of hearing was not communicated in writing.
- The Tribunal offices were under staffed, many did not have basic infrastructure like a computer and an internet connection.
- There was also a huge lack of Awareness of the Act itself.

(From left): Dr. Archana Kaushik, Associate Professor, Dept. of Social Work, Delhi University, Ms. Sujaya Krishnan, Former Joint Secretary, Ministry of Health and Family Welfare, Mr. Mathew Cherian, CEO, HelpAge India, Mr. J. R. Gupta, Chairperson, Confederation of Senior Citizens Association, Delhi and Dr. Jyoti Dogra, Associate Professor, Indian Law Institute, release the report on the 'Effectiveness of the Maintenance and Welfare of Parents and Senior Citizens Act, 2007.'

Fighting 'Ageism'

"It hurts each time, when you brush me aside calling me Old"

"When you judge me based on my Age, you automatically put me in a cage"

"Don't discriminate based on the wrinkles I've earned, I'm just a few years Older, I don't deserve to be spurned"

These were just some of the slogans carried by senior citizens on the streets across various States, as part of HelpAge India's campaign for senior citizens, against 'Ageism'.

To understand the depth and spread of Ageism in India, HelpAge conducted a 19-city survey on 'How India treats its Elderly?' and launched the report on 'World Elder Abuse Awareness Day'. The report explored the mindsets of people, society and their treatment of elders in public places like, banks, hospitals, shops etc. The results were disturbing on many accounts. 44% elders said, that they had been abused in the public space. 53% elders felt, Indian society discriminates against them.

HelpAge therefore launched a nationwide campaign to 'Stop Ageism' in India. The campaign was run across the country through the report release, walkathons, marches, street plays, candlelight marches and signature campaigns.

What is Ageism?

It is stereotyping of and discrimination against individuals or groups on the basis of their age. Older people are often ostracized, treated with disdain or disrespectfully simply because they are a certain age.

Elders participate in a candlelight march raising their voice against Ageism, at Delhi's Jantar Mantar.

Digital Literacy for Elders

The increasing pace of change in technology often excludes elders from the mainstream social fabric. To tackle this, HelpAge has been actively conducting Digital Literacy workshops which has gained much popularity amongst the urban elder. The 'digital divide' between generations seems to be getting wider and stronger. Most elders hesitate to reach out to their children for help, as many are either busy with work pressures or too impatient to teach.

The 'Digital Literacy' program teaches them how to use Smart Phones, do internet banking, how to use Apps like Skype & WhatsApp, pay utility bills online. Workshops are conducted across the nation with the help of partners like Digital Empowerment Foundation, Samvedna Care etc. with the support of young volunteers.

Mr. R. Muthukrishnan, Senior Manager - Helpline, HelpAge India, explains how to use Smart phones during the Digital Literacy workshop organized for members of the Tamil Nadu Senior Citizens Association, Anna Nagar, Chennai (TN).

Young volunteer and intern from RBL Bank Ms. Shivani, guides an elder on how to use WhatsApp and pay utility bills online, during the Digital Literacy workshop for the members of Senior Citizens Association of Delhi's Dilshad Garden.

Legal & Financial Awareness for Elders

Most elders are unaware of their legal rights or how to plan their later years better financially. HelpAge uses the expertise of legal & financial experts and conducts workshops across the country to organize workshops empowering our elders with this knowledge, so they can lead a better quality of life.

Senior citizens of Chandigarh, Punjab, participate in an Awareness workshop on Legal Rights of elders and learn about the nuances of the Maintenance & Welfare of Parents and Senior Citizens Act of 2007, Will Formation and various Income Tax slabs and subsidies related to senior citizens.

2500 elders attend the state level awareness workshop organized by National Legal Services Authority (NALSA), with HelpAge, at Gudiwada in Andhra Pradesh. The workshop focused on 'Legal recourses for elders & better Financial & Medical planning in emergencies'.

STUDENT ACTION FOR VALUE EDUCATION

Bringing Agecare values back into the fold

In 1979, 2 lakh children took part in the first Sponsored Walk highlighting the importance of elders in our society. But as time moved on, the value systems of modern Indian society began to decline. The emergence of nuclear families meant that senior citizens were being left out in the cold. Recognizing this disturbing trend, HelpAge launched SAVE or the Student Action for Value Education program, with aim to inculcate values of care & respect for the elderly in young students, prepare them for their old age and create an age friendly society.

But the challenge lay in getting the students to take interest in the issue and to apply their learnings in their day-to-day lives. So was born the 'When I'm 64' campaign, a school competition aimed at sensitizing young adolescent children from classes VIII, IX and X, focussing on inculcating values of love & respect towards elders. After a successful pilot run last year this year the campaign scaled up tremendously, in terms of student and school participation. From 8000 students last year, this year more than 17,000 students participated across 2000 schools in India. The contest had three components – essay writing (in English or in Vernacular), developing an elder friendly product concept and illustrations. Winners were chosen from each category and awarded. What was most fulfilling about the initiative was that it brought the two generations closer to each other, as interacting with elders was an integral component of the competition.

Class VIII student, Bandita Mahanta from DPS, Nalco Nagar, Angul, Odisha, who won the first prize in the Illustration category, expresses her views of the importance of spending time with elders in the family. "I have a lot of fun with my grandparents and visit them often." she says, during the State Award ceremony of the 'When I'm 64' contest. More than 2000 students participated from the State.

Prize Distribution and felicitation of winning students of GTB School, Mansarovar Garden, Delhi. The national capital got an overwhelming response from the schools with more than 800 students participating from 50 schools across the city.

THANK YOU DONORS

SJVN Foundation supported HelpAge India's Mobile Healthcare program for the fifth consecutive year

SJVN Foundation has been a long standing supporter of HelpAge India's healthcare initiatives, via the project 'Santluj Sanjeevani Seva' (3S), which commenced in 2013. In 2017, SJVN Foundation expanded its support via two additional Mobile Healthcare Units, taking the total number from 10 to 12, across the 4 Indian states of Himachal Pradesh, Uttarakhand, Bihar and Maharashtra. SJVN Foundation also supported numerous health checkup camps at these locations. Project 3S has provided free primary healthcare to 2,16,473 needy elders and community members via 5,73,490 treatments, thereby bringing healthcare to the doorsteps of the unreached.

Adani Foundation continued to support 8 Mobile Healthcare Units

Adani Foundation, via a long-standing partnership with HelpAge India, supports 8 Mobile Healthcare Units at different locations across India. The Foundation commenced its partnership with HelpAge India in 2013 and supports 8 Mobile Healthcare Units across - Tiruda (Maharashtra), Kawai (Rajasthan), and Dahej (Gujarat), Godda (Jharkhand), Vizhinjam (Kerala), and Dhamra (Odisha). The MHUs have given 3,52,465 treatments to 48,869 patients.

Deutsche Bank supported 20,000 cataract surgeries with intra-ocular lens implant, partnering with HelpAge India for the second consecutive year

Deutsche Bank has for the second consecutive year, extensively supported HelpAge India's Restoration of Vision program, to eradicate preventable blindness in India. The Bank supported 20,000 cataract surgeries with intra-ocular lens implant in and around 23 Indian cities across 10 States. All surgeries were conducted in partnership with reputed eye hospitals across project locations, within sterile conditions in the Operation Theatres of partner hospitals, with strict adherence to all statutory compliances, with end-to-end project management by HelpAge India. Over the past two years, Deutsche Bank has restored the vision of 35,000 older persons, in partnership with HelpAge India.

REC Foundation has agreed to support the construction of Shey Elders Village at Leh

Mr. Mathew Cherian, CEO, HelpAge India, and Dr. PV Ramesh, CMD-RECL, sign and exchange the MOU for REC Foundation's support in the construction of an old age home at Shey Village, Leh.

National Stock Exchange supported HelpAge India's health and livelihood initiatives for the second consecutive year

Project 'Shradha', a livelihood project supported by National Stock Exchange, is a 3-year project in four backward districts of four different states representing the four different regions of the country. The Project focuses on the three concepts of social, financial and health inclusion, through the vehicle of Elder-Self-Help-Groups and their higher federations.

HSBC enables financial, social and health inclusion via Project 'Gaman'

HSBC extended support towards Project 'Gaman' for the third year in a row. The Project aims to provide essential primary healthcare, restoration of vision, poverty alleviation, livelihoods, and also focuses on reducing social and economic inequalities. Project 'Gaman' covers 6 Indian states, i.e. Maharashtra, West Bengal, Andhra Pradesh, Telangana, Tamil Nadu and Delhi NCR.

Asian Paints has supported HelpAge India for well over a decade

Asian Paints has been supporting HelpAge India's healthcare initiatives in a big way, for well over a decade. The company currently supports 6 Mobile Healthcare Units, at Kasna (Uttar Pradesh), Khandala (Maharashtra), Sriperumbudur (Tamil Nadu), Rohtak (Haryana), Patancheru (Andhra Pradesh), and Mysore (Karnataka). The MHUs have provided 4,22,195 treatments to 51,620 patients.

ONGC supported HelpAge India's Mobile Healthcare program for the eight consecutive year, via 31 Mobile Healthcare Units

Oil and Natural Gas Corporation Ltd. (ONGC) has supported HelpAge India's Mobile Healthcare program for over 8 years, with 31 Mobile Healthcare Units across 23 Indian districts. The project 'Varishthajana Swasthya Seva Abhiyan' (VSSA) which commenced in 2010, has provided 27,28,947 treatments to 1,25,251 poor and needy patients.

The Hans Foundation supported 5 Mobile Healthcare Units in Uttarakhand

The Hans Foundation supported 5 Mobile Healthcare Units in Uttarakhand. The MHUs provided 26,388 treatments to 14,638 beneficiaries.

Neyveli Lignite supports Elders Home
