ANNUAL REPORT
2019–20

MESSAGE FROM THE CHAIRPERSON

The end of this financial year has marked the beginning of a major threat to all of humanity in the form of Covid, which has now been formally declared a global pandemic. The onset of year 2020 has left the entire global community reeling with the Covid 19 pandemic, and we see the beginnings of the pandemic in India too. Of special concern to us in HelpAge India (HI) is the evidence that the elderly are particularly vulnerable to this virus. With the increase in life expectancy in India, from 50 years in 1970-75 to almost 70 years in 2014-18, the number of elderly has been growing rapidly. As per the population projection report by the Government of India, in year 2021, there will be 138 million people in India who will be over the age of 60, a number that is estimated to increase to 194 million in 2031. The rate of growth of those who are 80 plus is even more sharp, with their number increasing from about 15 to 24 million in this decade. The pandemic now adds to the numerous challenges faced by this rapidly-growing population of elders.

There has always been a huge gap between demand and supply of social security and quality healthcare for elderly in India. The Covid 19 outbreak has further aggravated the health, economic and humanitarian crisis. The elderly face greater risk, due to lower immunity levels, chronic illnesses and mobility issues, making them high risk individuals. The lockdown, imposed from March 25, 2020, further increased their difficulties, especially for the elderly living alone in cities. Social distancing measures further heightened their isolation and anxiety levels, as they were left to fend for themselves, away from their children and grandchildren, unable to visit them and locked within the confines of their own homes.

With limited movement and access, many were dealing with daily life challenges: disruption in domestic help support, acquiring basic essentials, caregiving services and medical treatment. For some, the digital medium eased the problems of securing medicines and other essentials, as also interacting virtually with relatives or friends. However, this was not an option for an overwhelming majority of elders, given their lack of access and knowledge of digital tools. Therefore, it is imperative that India's elderly become digitally literate, so they lead active and independent lives. HI has initiated this activity, though it needs to be hugely scaled up.

For the many working-elders, the pandemic, following the earlier economic slow-down, has been disastrous. Almost all of them work in the unorganized sector, which has been the worst hit. As a result, the pandemic has not only claimed lives, but also affected elder livelihoods, as many lost their jobs – which was their sole means of survival.

We are grateful to our donors who came out in support of the disadvantaged elderly at such a time - individuals, corporates and institutions, who contributed generously, helping them stay afloat during this critical period. I must make a special mention our brave corona warriors, our staff members, medical teams, who within the first month of the lockdown bravely stepped out of the safety of their own homes to distribute much needed food, ration, medicine and hygiene items to vulnerable elderly and their families across India, putting their own lives at risk.

While continuing our fight for survival against the pandemic, HI also continues to advocate and fight for elder rights, to ensure that our elderly receive adequate healthcare, financial security, and pension, even as we raise our voice against elder abuse and ageism. This year has been significant for the HelpAge, as it intensified services and expanded its humanitarian efforts even as we see the rise of a global crisis. These challenges not only strengthen HelpAge India's resolve to continue working towards its goal of serving the destitute and needy elderly, but also makes us work harder and become more resilient in our efforts.

In this, we look forward to our on-going partnership with the government (at Central and State levels), local bodies and authorities, our fellow NGOs including associations of elders, and many others. We are grateful to our donors and our many supporters for their generous help, and look forward to even greater support in these difficult times.

Our highly-motivated, dedicated and hard-working team at HI will re-double its efforts on behalf of elders. They deserve special appreciation, given the adverse circumstances. A special word of thanks to members of the HI Governing Body and its committees. They have not only helped to guide and direct the overall work, but have assisted in myriad other ways.

The journey ahead is full of challenges, but we will continue working towards creating a society where elderly have the right to live a healthy and dignified life.

Together we will overcome these challenges.

Kiran Karnik
Chairperson

New Delhi

MESSAGE FROM THE CEO

Year 2019-20 started with hope and but ended leaving us with one of the biggest challenges mankind would ever face. It exposed the extreme vulnerability of our elders and tested their strength, spirit and survival.

On a positive note, the year began by pushing forth the importance of active ageing, with HelpAge India for the first time coming on board as Charity Partner for three of the biggest Marathons that took place in the country, where thousands of elders showed true grit & spirit, as they excitedly participated in the Airtel Delhi Half Marathon, Tata Mumbai Marathon & the TCS World 10k Bengaluru Marathon.

It was also a year which devastated the state of Odisha with the onset of the Fani Cyclone and the states of Kerala, Bihar & Assam which were flood affected. On the programmatic front, we continued to reach out to disadvantaged and destitute elders through our various healthcare, agecare, livelihood & advocacy initiatives on-ground.

We strengthened our battle against Elder Abuse and examined the role of care givers by conducting a detailed research study on 'Elder Abuse in India: Role of Family in Care giving: Challenges & Responses'. The 20 city report, focused on the sandwich generation of care givers aged 30 – 50 years, covering Tier 1 & 2 cities. The generation which looks after their elderly parents and their own children. It is also the generation which has been the primary abuser, as highlighted in past surveys by HelpAge. 29% care givers in the family felt the 'burden of care giving of an elder' was from moderate to severe, while 15% felt a severe burden of care giving.

The aim was to understand the challenges faced by this generation of caregivers, so we can find ways to help empower and encourage children to look after their elderly parents. Keeping this in mind, we ran a campaign throughout the country - 'My Parent, My Responsibility', believing that the best care for elderly is within their own home, surrounded by their loved ones.

As the year came to a close, we faced our biggest challenge of all, the advent of Covid 19. Hitting our elders the hardest and bringing their vulnerability to the forefront, reaching out to them during this time of need was imperative. I'm extremely proud of our corona warriors who have been working tirelessly supporting our elders and their community, especially those who lost their livelihood, had chronic health conditions and no one to take care of them during this difficult time.

HelpAge has been providing much needed ration, medicines, masks and hygiene kits to elders, visited homes of those in need of homecare and provided free medication, our helpline services offered door-to-door services of essential items during the lockdown, along with distributing free meals, sanitizers across the country. We have reached out to more than 10 lakh elders, destitute and their community through our Covid relief initiatives.

This was only possible with support from people like you, who have stood with us through it all and continue to do so.

On June 2020, I bid farewell to HelpAge India, with a warm heart and hopeful future. I have had a long innings with HelpAge, spanning over nearly two decades. I have had the privilege of working with an incredible team on ground, hardworking staff and an excellent and involved governing body, in the most challenging of times.

I wish the HelpAge family all the best for the future, and am sure that they will continue to do what they do best, serve those that need us the most – our elderly.

Mathew Cherian
New Delhi

STORIES FROM THE FIELD

This year we bring stories from all across the country, as we continue to serve the needy and disadvantaged elders of our country. Each story is a story of hope, resilience and survival, despite the odds.

HEALTHCARE AT YOUR DOORSTEP: MOBILE HEALTHCARE

We have a moral obligation to get healthcare to people who need it – Ron Williams

"I can walk again! I am so happy and feel that God has blessed me."

Rukkamma, 76 years, resides in Indrakaran, Telangana. She was suffering from chronic arthritis pain when she first visited the Mobile Healthcare Unit (MHU) in Patancheru. A regular beneficiary, a few years ago she fractured her leg, leaving her in excruciating pain and unable to move. The MHU team rushed her to the hospital and Rukkamma had to undergo surgery.

After proper care post surgery, Rukkamma was discharged from hospital and the MHU team started making home visits to ensure she had a healthy & speedy recovery. The team continued to deliver her ongoing medication as she was unable to walk to the MHU site to collect her medicines.

The HelpAge team also sensitized the family members about the exercises and medical care that were needed for her recovery. Regular visits and medication, had Rukkamma back on her feet in no time.

Today, she is much better and visits the MHU on her own and is happy to be independent again.

BEACON OF HOPE: RESTORATION OF VISION

The real voyage of discovery consists not in seeking new landscapes, but in having new eyes - Marcel Proust

Kondiba Nevase, 70 years, lives in Naigon village, Nanded district, Maharashtra. A farmer by profession, he has three daughters, all who are married and settled outside Naigon. Kondiba lives alone with his wife in his modest home and is the only earning member.

He was suffering from high blood pressure and diabetes for many years, but was not able to get proper treatment as he was unable to afford it. His health began to deteriorate and his vision started blurring and soon he wasn't able to do his regular work, his only source of income.

The HelpAge Mobile Healthcare Unit in Khandala organized a cataract screening camp in his village in association with Kamla Mehta Eye Hospital, Shirwal. Kondiba visited the eye hospital and was diagnosed with cataract. Unfortunately, he couldn't be taken for surgery, as his sugar and blood pressure levels were very high and he was referred to Dr. Gavali at Shirwal village for treatment by the MHU staff.

After getting treated for diabetes and blood pressure, the MHU team ensured he underwent his cataract surgery, at no cost to him. Today, Kondiba can see clearly and is back to farming and daily life, with a new hope for a better future.

ANNUAL REPORT | 2019-20

RESCUING ELDERLY: NATIONAL ELDER HELPLINE

Small acts, when multiplied by millions of people, can transform the world
– Howard Zinn

Indrani, 78 years old, was found alone and abandoned near CMBT, Eswaran Temple, Chennai, Tamil Nadu. Left in a state of destitution, her two daughters left her to fend for herself. She has been selling flowers near the temple for the last ten years and earning a meagre income.

Indrani, slowly started becoming weak, as her body wasn't getting much food. A good Samaritan found her near the temple in an extremely malnourished state and called HelpAge India's Elder Helpline. The Helpline team rushed to the spot and seeing her fragile condition, brought her to Vuyiroli Old Age Home, Perungavur. There she was cared for and given the necessary treatment. Slowly Indrani started getting her strength back and was able to walk & talk.

Today, Indrani is happy in her new found home, surrounded by friends who are like family and take care of her.

HelpAge India runs a national toll-free Elder Helpline (1800-180-1253) that offers assistance to elders like Indrani, in need of emergency care and assistance.

DIGITALLY EMPOWERING ELDERLY

In order to create an engaging learning experience, the role of instructor is optional, but the role of learner is essential – Bernard Bull

68 year old, Kuldeep Kumar is a resident of Dilshad Garden, Delhi. His adult children are married and settled abroad. A retired Government officer, he gets a good pension amount which takes care of his quality of life, but he used to deeply miss his family, as he couldn't see them as often as he would've liked to.

Kumar then started attending HelpAge India's Digital Literacy classes a few years ago and since then his life has changed. He is now more active socially and is connected with his friends and family via social media. He keeps himself updated with new technologies and believes that every senior citizen should be well versed in using a smart phone and become digitally empowered. He has learnt how to do online transactions, pay his utility bills online and has become independent and self confident now. His children live far away, but after attending the digital literacy classes, he is now able to talk on Skype and spend time with his children and grandchildren online.

He says that *"I save a lot of time by doing online transactions and paying bills. All elders need to have a basic understanding on how to use a smart phone, because it will not only help them stay connected with their family and friends, but also help them live life independently."*

"With increasing age it is not always possible to depend on traditional methods of going to a bank physically and doing transactions, when it can be done at home and in my own time. No more standing in long queues or in the heat to get the work done."

RESTORING DIGNITY: ELDER LIVELIHOOD

When one person's livelihood changes, it can impact an entire family, then a whole community – Tae Yoo

HelpAge India has been implementing a livelihoods model for rural elderly working on social, financial, digital and health inclusion of the elderly, through its pioneering concept of Elder-Self-Help-Groups (ESHGs) and their higher order Collectives.

The **National Stock Exchange (NSE) Foundation**, the Corporate Social Responsibility (CSR) arm of the National Stock Exchange, has been a strong supporter of this concept of 'greying with grace and dignity'. It has been supporting two multi-year, multi-locational projects covering some of the most backward districts of the country. The livelihood projects titled *Shraddha* and *Aalambana* address four of the Sustainable Development Goals (SDGs) - no poverty, good health & well-being, decent work & economic growth and reduced inequalities.

The *Shraddha* project, has been operational in the backward districts of Yadadri Bhuvanagiri, Yavatmal, Purbi Medinipur and Supaul districts, in the states of Telangana, Maharashtra, West Bengal and Bihar respectively. The *Aalambana* project, a further development on *Shraddha*, is operational in NITI Aayog identified 'aspirational districts of Birbhum, Karauli and Ramanathapuram in the states of West Bengal, Rajasthan and Tamil Nadu.

The support has helped HelpAge ensure nearly 60,000 weekly interactions between the 17,000 elderly to promote social and political inclusion & participation. The elderly were also able to generate nearly Rs. 2.30 crore as internal savings. Assisted by NSE Foundation through a revolving fund, both expansion of their present livelihoods along with instituting new 'green' organic livelihoods, with elements of natural farming was possible.

The projects have also been promoting community social responsibility, where each collective of the elderly, takes care of two or more indigent and/or bedridden elderly through the concept of '*Ek Mutthi Chawal*', where ESHG members bring a 'fistful of rice' to weekly group meetings and this contribution helps take care of the sustenance needs of poor elderly. These grain banks are now constituted in every village under the projects. The projects have also helped challenge gender discrimination against women, who now form a significant majority of the elected representatives in the Collectives.

NSE Foundation is also supporting *Gram Chikitsa*, a unique community managed health initiative, where village volunteers track the health conditions of the elderly and their regular intake of medicine, as prescribed by a medical professional. A referral system has also been put in place where in case of need, the medical professional can refer cases to Specialists attending the periodical Multi-Specialty Health camps. NSE Foundation has supported provision of 'customised Polycentric Knee braces' for arthritic elderly, vision restoration through cataract surgery & refractive error correction, enabling disadvantaged elders to retain not only their livelihood, but also their dignity & self-confidence.

62 year old, A. Anandam, resides in Meharnagar village in Pochampally, Telangana. A farmer by occupation and an active member of the Sri-Ram-Elder-Self-Help-Group, he started kitchen gardening - growing spinach, tomatoes, brinjal etc, inside the premises of his house, supporting his family. It was tough survival as the cost of pesticides & maintenance was too high.

He was then introduced to the use & advantages of liquid manure. The HelpAge team trained Anandam and other farmers in his group about the entire process. The Village Level Federation helped by giving Anandam a drum to prepare the liquid manure. The cost of preparing liquid manure was cheap, it increased the harvest which was very low earlier and the produce was healthier & better than before. His family's health which was deteriorating due to the pesticide he used earlier, also improved.

Today, Anandam is not only using the liquid manure for his own kitchen garden, but also providing the manure to the villagers after sensitizing them on its advantages.

"I feel content that my products are not only fetching high yield and financial returns, but are also very useful for living a healthy life" - says Anandam.

ANNUAL REPORT | 2019-20

DISASTER MANAGEMENT: CYCLONE FANI HITS HOME

Strength does not come from physical capacity. It comes from an indomitable will
– Mahatma Gandhi

On May 3, 2019, 8 am Cyclone *Fani* made its landfall in Puri, Odisha. Categorized as an extremely severe cyclonic storm, with 3-minute sustained winds of 185 km/h, making '*Fani*' the most intense storm to hit the state since the 1999 Odisha cyclone. 14 districts and more than 20,000 villages were severely affected, with 1.35 lakh *pucca* houses completely damaged and more than 7500 huts destroyed.

Fani left in its wake death & destruction, leaving thousands homeless, without food and water. There was loss of lives, livestock, crops & livelihood. Amongst the victims were several elders, who suffered the most when the disaster struck. There was no electricity for days, internet lines were down and communication was severely affected. Being the peak of Indian summer, temperatures soared upto 45 degrees centigrade.

Relief & Rehabilitation measures

HelpAge India's relief team was on-ground immediately, providing much needed relief to those affected in the remotest of remote areas, deep in the interior of villages in Puri, Khodha & Bhadrakh districts.

A quick need assessment was done and the team got to work providing much needed medical aid through its Mobile Healthcare Units, and distributing dry ration and other essential items for survival. Community kitchens were organized and over 80,000 meals served in 38 villages of Nimapara block of Puri district alone, to those who had no other means to access food. 2449 elderly and their families received dry ration kits including rice, *dal*, spices, oil, sugar, salt etc, and non-food item kits including Tuffpaulin (Tarpaulin covers), bed sheets, solar lights, plastic mats, bathing soap, washing soap etc. as relief materials.

The biggest challenge that lay ahead was the long term survival & sustainability of those who had lost virtually everything. HelpAge therefore provided livelihood support through its long term intervention plans, by providing 2160 families fruit saplings and vegetable seed kits, so they could rebuild their lives and help sustain themselves in the long run.

None of this would have been possible without the generosity of donors such as HelpAge International, Age International, Cipla Foundation, NSE Foundation, HSBC Foundation (United Way), ONGC, Axis Foundation and individuals who came forward to contribute their bit during this grave time.

Manimala Senapati, of Jagiri village, Puri district, a widow, lived with one son who was mentally challenged and two who were agriculture laborers, in a 3 room hut with a thin tin sheet as a roof. When *Fani* hit the shores of her village, her roof was blown away and her house crumbled to pieces. Left with barely enough food for all, she stretched it over 3-4 days so that she and her sons could survive. Her sons had lost their only mode of livelihood, as agricultural lands were now flooded and they had no means to sustain themselves with no money to buy any food. Devastated, hungry and left with no hope, Manimala struggled to cope with the circumstances. HelpAge India's 'community kitchens' came as a blessing in disguise for her & her sons and saved them from dying of hunger. She was also provided a ration kit and essential items for survival, to tide over this difficult time.

"You all have come as Devdoots (angels) to stand by our side at this difficult hour," said Manimala, blessing the relief team.

COVID-19 RESPONSE: ELDERS MOST VULNERABLE IN THE PANDEMIC

With the onset of year 2020, the world was hit with the Covid 19 pandemic and is still struggling to stay afloat. One of the most vulnerable groups identified were the elderly, especially those above the age of 80. The lockdown which followed, further isolated them and left them to fend for themselves, especially those living alone. Elders from the unorganized sector or the earning members in their family, lost their livelihoods, their only means of survival.

The HelpAge team immediately got into action and started relief measures reaching out to those most in need, from destitute elders to the homeless, migrant workers and their families, who were facing their toughest time. In our first phase of work before the lockdown began, awareness sessions started both in urban & rural areas about Covid 19, its impact, and the preventive measures one must undertake to protect themselves. Vital information about the pandemic, health advisories, emergency numbers, and details of hospitals with Isolation wards etc, were shared with the elderly, as many did not where to go or who to reach out in case the need arose. The HelpAge Elder Helpline team played a critical role in ensuring needy and disadvantaged elders were reached out to and received their critical medication and essential items of daily use, as many could not step out of their homes during the lockdown. These items were delivered to their doorstep by HelpAge corona warriors.

Various relief measures were undertaken such as – distribution of free **Meals for Survival** to the homeless in night shelters, on the roads, elders in old age homes, in urban slums and migrant laborers across the country. **Family Survival Kits** were distributed which included basic ration like rice, wheat, spices, cooking oil etc. along with Corona protective gear like masks, bathing and washing soaps, for disadvantaged elders and their families. **Protective Hygiene Kits** were also distributed which included sanitizers, mask, tissues, handwash etc. **Personal Protection Equipment (PPE)** kits for our own healthcare workers and doctors in hospitals were handed out which included overalls, visor, face masks, gloves and shoe covers.

Amidst all this, we witnessed inspirational stories of how the vulnerable elderly in rural areas came forward to help those more vulnerable than them. Elder Village Level Federations & Elder-Self-Help-Groups dipped into their own savings to provide ration support to the destitute and widows in their villages. **Community Kitchens** were set-up, to provide freshly cooked meals to other needy villagers. Covid 19 has brought elder vulnerability to the fore and the HelpAge team of warriors will continue to work relentlessly serving and helping those in need.

COVID 19 RELIEF RESPONSE:

HelpAge India is working in 125 districts spread across 25 states in India. It has reached out to over 10 lakh elders and their families, destitute & homeless persons and migrants across the country, through its various relief initiatives during the Covid 19 pandemic.

- 60,000 Family Survival Kits distributed benefiting 3,00,000 poor elderly and their families.
- 10,000 Nutritional Kits distributed for 50,000 disadvantaged persons.
- 1,20,000 poor elderly & their families received Hygiene Kits equipped with soaps, sanitizers, hand wash etc.
- 2,00,000 free cooked meals distributed amongst needy elders, migrant workers, homeless and destitute.
- 5,00,000 lakh disadvantaged elders & their community supported with medicines and provided primary care.
- 30,000 poor rural elderly supported through cash transfers.
- Nearly 5000 elder beneficiaries residing in over 120 old age homes across India received health and ration support.
- 50,000 elders reached out to, through calls and delivery of essential items and medicines at their door steps, through the HelpAge Elder Helpline (1800-180-1253) across 21 states.
- 7000 PPE Kits distributed to health workers.

ANNUAL REPORT | 2019-20

A HELPING HAND: HOME CARE FOR ELDERLY

Sonam Palmo, 70 years, is a resident of village Agling, Leh, Ladakh. She has been living alone for more than 10 years. After the death of her two sisters, she didn't have any family to call her own and lived in isolation. Her isolation gave way to loneliness.

HelpAge India's trained home care volunteer heard about her and visited her. Today, Sonam is frequently visited by the home care volunteer who takes care of her daily needs and helps her with her chores. What gives Sonam the most happiness, is that she now has a friend in need, someone to talk to and doesn't feel lonely anymore.

"Loneliness is the worst aspect of ageing, especially after I lost both my sisters but regular visits by the HelpAge care-giver who helps me with my day-to-day activities and is so empathetic, does not make me feel alone anymore" - says Sonam.

DAY CARE CENTRE

Day Care Centre in Shimla being inaugurated by Mr. Suresh Bhardwaj - Education Minister, Mr. Vipin Singh Parma - Health Minister and Mrs. Sarveen Chaudhary - Urban Town & Country Planning Minister, Govt. of Himachal Pradesh.

National Health Mission under the Health and Family Welfare Department, Govt. of Himachal Pradesh (HP), collaborated with HelpAge India and started Day Care Centres for elderly, in three locations of HP - Shimla, Mandi and Dharamshala.

The aim of these Centres were to provide a safe place for senior citizens to spend their time in and provide various facilities such as a library, conduct health-checkups, physiotherapy, yoga lessons etc, along with organizing various awareness programs to help them become aware of their rights & entitlements, and keep them updated of the latest benefits available for senior citizens. The Centres also provides various recreational facilities for senior citizens.

All 3 Centres were recognized by the Govt. of India as an example of 'Best Practices & Replicable Models'.

ADVOCACY

My Parents My Responsibility | Campaign Against Elder Abuse

HelpAge India has been advocating and fighting for the rights for the elderly. Elder Abuse is a heinous crime against which HelpAge has been raising its voice over the years. Each year it conducts a research study to get an in-depth understanding of the root of this crime, available measures to put a stop to it and elder needs & suggestions to counter it.

This year, marking 'World Elder Abuse Awareness Day' HelpAge conducted a research study on 'Elder Abuse in India: Role of Family in Caregiving - Challenges & Responses' targeting the 'sandwich generation' (35-50 years of age) the primary care-givers, who look after their parents and have children of their own. The report revealed that in most cases the abuser was their own child, i.e. the son and daughter-in-law and the top forms of abuse were neglect, disrespect and verbal abuse.

The report revealed that 35% of the care-givers 'never felt happy' looking after the elderly. While understanding care-giving challenges, HelpAge believes that the best care for elders is at home, by their loved ones, it therefore ran a campaign titled 'My Parent, My Responsibility' along with the message 'No Excuse for Elder Abuse'. The aim was to sensitize the younger generation, and urge them to take on the responsibility of looking after their elders at home. HelpAge also re-launched its Elder Helpline app 'HelpAge SOS', so elders could reach out in times of distress.

More than 11,500 elders participated in various HelpAge events across the country, marking the day with signature campaigns, walkathons, seminars, street theatre, cyclothons, etc. involving both the young and the elderly.

ANNUAL REPORT | 2019-20

Marking 'World Elder Abuse Awareness Day' across the country:

Delhi

Madhya Pradesh

Karnataka

Tamil Nadu

Andhra Pradesh

Kerala

Punjab & Haryana

Chhattisgarh

Uttarakhand

Uttar Pradesh

REPORT HIGHLIGHTS

Elder Abuse in India: Role of Family in Caregiving

- 35% of the caregivers 'never' felt happy looking after the elderly.
- 29% caregivers in the family (mainly son, daughter-in-law, daughter, son-in-law) felt the 'burden of caregiving of an elder' was moderate to severe, while 15% felt severe burden of caregiving.
- Upto 62% sons, followed by daughter-in-law (upto 26%) and daughters (upto 23%) took on the financial burden for daily needs of the elderly.
- 25.7% caregivers felt fatigue and frustration resulting in aggressive behaviour towards their older relative.
- 78.1% caregivers felt that no policy or measures were adopted by their employers to help them ease the burden of caregiving, regarding elderly at home.
- Upto 32% of the caregivers extended physical care to elderly for Activities of Daily Living (ADL) such as help / assistance in changing clothes, walking, eating, bathing, toileting etc.
- Upto 68% daughters-in-law as caregivers were providing physical care for Instrumental Activities of Daily Living (IADL) such as help in using telephone, shopping, preparing meals, housekeeping, washing clothes, transportation, taking medicine, as against the sons, which were upto 51%.
- 30% elders always needed emotional support.
- 42.5% of caregivers always had to pay for medicine bills of the elderly. Almost 70% of the elderly dependents sought emotional support from caregivers at the time of crisis.

Marking 'International Day of Older Persons'

HelpAge India marked 'International Day of Older Persons' in the national capital, by co-hosting the **2nd Annual Senior Care Conclave** in partnership with the Confederation of Indian Industry (CII) and Association of Senior Living India (ASLI). The event shed light on the inequalities, involvement and policies for senior citizens in the country. This year too, the day was marked across the country through various events such as inter-generational walkathons, marches, fun activities for elders, seminars etc. Top corporate donors were awarded for their exemplary contributions in supporting Help Age India's services for disadvantaged elders.

Elder Rights: Addressing elder concerns

addressed implementation issues of cases pending at the Tribunal level, processes & concerns, and other support required by senior citizens, so they could lead safe secure & dignified lives. Representatives from the Delhi State Legal Services Authority and Mr. J.R.Gupta, Chairperson, Confederation of Senior Citizens Associations of Delhi, were present to address these concerns.

To provide senior citizens a platform to voice their concerns on the subject of abuse and harassment, a seminar was organized in the national capital on 'The Maintenance and Welfare of Parents and Senior Citizens Act, 2007' with the Confederation of Senior Citizens Associations of Delhi.

The Maintenance and Welfare of Parents and Senior Citizens Act, 2007, was enacted to provide financial security, welfare and protection for senior citizens. It requires children to provide maintenance for their parents, and the government to provide old age homes and ensure medical care for senior citizens amongst others. The seminar

Elder Marathoners 'Get Active, Stay Active'

Defying stereotypes about age and encouraging active ageing, senior citizens across Delhi, Mumbai & Bengaluru took to the streets, as they participated in three of the biggest Marathons in the country: Airtel Delhi Half Marathon, TCS World 10k Bengaluru Senior Citizens Run & the Tata Mumbai Marathon. Organized by Procam International HelpAge India, which came on board as 'Institution Partner' for the 'Senior Citizens Run' segment of the Marathons. It was an amazing salute to the unbeatable elder spirit. Seniors danced, sang, walked and proved that there was no age to have fun, and highlighted the importance of keeping good health & staying active.

Airtel Delhi Half Marathon

Tata Mumbai Marathon

AGE IS MIND OVER
MATTER IF YOU DON'T
MIND IT DOESN'T
MATTER!

TCS World 10k Bengaluru Senior Citizens Run

MY MANTRA
TO STAYING
ATTRACTIVE
IS TO - GET
ACTIVE!
STAY ACTIVE!

AGE IS JUST A NUMBER
IN THE SUN WHEN IT
COMES TO HAVING FUN!

STUDENT ACTION FOR VALUE EDUCATION

Elders have traditionally always been held in high regard in Indian culture. Unfortunately over the years, cases of disrespect, abuse and neglect of elders have been on the rise. HelpAge strongly believes, the best way to address this growing concern, is by sensitizing children towards elder needs and showing them the importance of looking after and caring for elders in society. Through our school education program - Student Action for Value Education (SAVE), we sensitize school children across age groups so they grow into loving, caring and responsible citizens who look after elders in society. We thank all the schools, principals, teachers and students who have come forward and supported us in this initiative and contributed to the elder cause. Here are just few glimpses.

Mr. Umesh Ch. Jaiswal, Principal of Delhi Public School, **West Bengal**, hands over a donation towards the elder cause, to Ms. Sutanuka Roy, Sr. Executive SAVE, (West Bengal & North East), HelpAge India.

Tiny tots of Ryan International School, Kandivli, Mumbai, **Maharashtra**, happily perform for elderly during Christmas celebrations in the school. Ryan Group of Institutions has been one of HelpAge's long standing supporters for the elder cause.

Mrs. Seema Mahindru (second from left) Principal of Kendriya Vidyalaya, Ambala, **Punjab**, awards & recognizes the contribution of the students who collected the highest donation towards the elder cause.

Dr. R.P. Modi, Managing Trustee of Modi Schools Rajkot, receives a memento from Acharya Devvrat, Governor, Ahmedabad, **Gujarat** for the continuous & commendable support given to the elder cause.

NATIONWIDE OUTREACH & IMPACT Helping elders live a dignified and better quality of life

- HelpAge serves / touches the lives of 2 million elderly in India.
- Operates Asia's largest mobile healthcare network for elders, with 156 Mobile Healthcare Units operating in 25 states, providing 3 million free treatments.
- Runs Elder Helplines in 21 state capitals. Nearly 50,000 calls received through these helplines.
- 35,000 cataract surgeries conducted, 1.7 lakh patients screened for eye ailments in 15 states of the country, covering 158 districts.
- Provided much needed Palliative care to elderly patients.
- 3,350 elderly assisted through caregiving in Leh, Shimla, Cuddalore, Mumbai & Bhopal and 1418 caregivers trained.
- Provided more than 1.5 lakh physiotherapy treatments to elders in 20 states.
- Supports 95,584 elderly supported through 7415 Elder-Self-Help Groups in 16 states.
- 56,168 elderly successfully linked to government schemes and entitlements.
- Over 11,000 senior citizens empowered through Digital Literacy workshops.
- Runs 6 barrier free homes for the aged in 4 states.
- Supports 100 homes for the aged pan India.
- Rescues and rehabilitates urban abandoned elders.
- Provided assistance in medical care to 1,89,999 older persons through Helpdesks stationed at AIIMS and other primary health care centres.
- Partners with more than 5560 Senior Citizens' Associations across India with more than 10 lakh members.
- Advocates with the Government for age-friendly policies and laws such as old age pension, Maintenance and Welfare of Parents and Senior Citizens Act and the National Policy on Senior Citizens.

Thank You DONORS
