

HELPAGE INDIA Procurement of Digital Marketing Agency for Diaspora Digital Marketing Support

HELPAGE INDIA

Request for Proposal (RFP)

About HelpAge India

HelpAge India is a non-profit organization dedicated to serving the elderly population in India. It was established in 1978 and has since been actively involved in various initiatives aimed at improving the quality of life for senior citizens. HelpAge India runs various programs and services to address the needs of older persons. These include Shelter support for destitute elderly, healthcare services, elder helplines, livelihood support, advocacy for elder rights, and disaster relief efforts tailored to the elderly population.

In order to meet our digital marketing requirements for Digital Performance Marketing (Google, META and LinkedIn) to strengthen HI's diaspora digital marketing and fundraising invites proposals from experienced digital marketing agencies as per details, terms, and conditions given below:

Current Digital Landscape

HelpAge India has an established online donation ecosystem designed to enable and support diaspora giving, with digital fundraising being an integral part of its overall fundraising efforts for several years. A fully functional website and Google Analytics and other measurement tools enable effective tracking of donor journeys, campaign performance, and conversions.

HelpAge India also leverages major digital advertising platforms, including Google, Meta, LinkedIn, and others, to drive awareness, engagement, and donations. Building on this strong digital foundation, the opportunity is to further strengthen diaspora awareness, engagement, and support particularly among the US Indian diaspora and convert this into deeper donor relationships and sustained digital fundraising.

Context and Rationale

In an increasingly digital-first ecosystem, HelpAge India seeks to strengthen awareness, engagement, and support among the global Indian diaspora, with a primary focus on the US market. The objective is to build greater visibility and affinity for its mission, foster a stronger community of diaspora supporters, and translate this engagement into sustainable donor relationships and increased contributions.

HelpAge India therefore invites experienced performance marketing agencies from across India to help build and scale a data-driven digital diaspora engagement and fundraising ecosystem. The engagement will leverage performance marketing, audience intelligence, AI-enabled solutions, and industry best practices to identify, reach, engage, nurture, and mobilise high-potential diaspora audiences.

The partnership will focus on creating measurable digital journeys across awareness, engagement, community building, donor acquisition, and fundraising, while strengthening long-term relationships with diaspora supporters and improving fundraising efficiency.

Ultimately, HelpAge India aims to establish a scalable diaspora awareness-to-support and fundraising engine that drives greater reach, deeper engagement, stronger advocacy, and sustained digital contributions, particularly within the Indian diaspora.

The selected agency will be responsible for media strategy, media buying, campaign management, creative production/adaptation, audience development, remarketing, optimization, measurement and reporting across Google Ads, Meta and LinkedIn.

Scope of Work

1. Media Strategy & Planning

- Develop the overall six-month paid media strategy aligned with HI marketing and fundraising priorities.
- Recommend channel mix, audience strategy, campaign architecture and budget allocation across Google Ads, Meta and LinkedIn.
- Prepare media plans and budgets before launch and update them as required.
- Identify opportunities to scale successful campaigns and channels while maintaining fundraising efficiency.

2. Media Buying & Campaign Management

- Set up, activate and manage paid media campaigns across agreed platforms.
- Manage media buying, budgets, bids, pacing and campaign delivery.
- Develop audience targeting and segmentation, including prospecting, retargeting and lookalike/similar audiences.
- Run structured testing across audiences, creative, messaging, formats and placements.
- Monitor performance continuously and optimize, restructure or scale campaigns based on results.

3. Creative Production, Adaptation & Optimization

- Develop campaign creative concepts, messaging and copy in line with HI brand and fundraising priorities.
- Produce/adapt static, video, motion, carousel, display and other relevant digital advertising formats.
- Create platform- and placement-specific adaptations and A/B testing variants.
- Monitor creative performance and recommend refreshes or new variants where required.
- Manage revisions, approvals and an organized creative asset library.
- Clearly disclose any production limitations and third-party production costs before commitment.

4. Audience & Remarketing

- Develop and manage prospecting audiences.
- Develop website and engagement audiences.
- Use donor/supporter audiences where permitted and appropriate.
- Build and manage lookalike/similar audiences.
- Manage retargeting and suppression audiences to improve relevance and reduce inefficient spend.
- All audience activity will remain subject to applicable privacy, data-protection and platform requirements.

5. Measurement, Reporting & Optimization

- Review and support tracking and measurement setup and validate donation/conversion tracking.
- Identify measurement gaps and recommend practical improvements.
- Provide monthly reporting covering spend, reach, impressions, clicks, engagement, donations, conversions/revenue, CPD/CPA and ROAS.
- Report channel- and campaign-level performance and incremental donation performance where feasible.
- Provide clear insights, actions and recommendations, with ongoing optimization throughout the engagement.

6. Key Deliverables

- Paid Media Strategy – at commencement.
- Media Plan & Budget Allocation – before launch / as required.
- Campaign Setup & Activation – as required.
- Audience & Remarketing Strategy – ongoing.
- Creative Production & Adaptation – ongoing / as required.
- Campaign Optimization – ongoing.
- Performance Reporting – monthly.
- Strategic Recommendations – ongoing.
- Final Performance Review – at the end of the engagement.

7. Brand's Responsibilities

- Provide brand and communication guidelines.
- Provide marketing/fundraising priorities and campaign calendar.
- Provide available creative/content and relevant briefs.
- Provide access to advertising and analytics accounts.

- Provide relevant audience signals where permitted and appropriate.
- Nominate a designated point of contact and provide timely briefs, feedback and approvals.
- Where relevant, provide in-person experience from active projects in India.

8. KPI & Performance Framework

Primary KPI: ROAS based on incremental donations, with an aspirational ROAS target of 3–4x.

Supporting KPIs may include:

- Donations and revenue
- Cost per donation / cost per acquisition
- Conversion rate
- CTR and engagement
- Reach and impressions
- Channel- and campaign-level ROAS
- Incremental donation performance where feasible

Final KPI definitions, targets and measurement methodology will be agreed during onboarding.

Data Access, Security, and Compliance

The agency will require access to relevant advertising, analytics, audience, and campaign platforms to plan, execute, measure, and optimise the engagement. Agencies are expected to:

- Take clear ownership of the diagnosis, media strategy, campaign recommendations, optimisation approach, and performance analysis, with implementation-ready recommendations and briefs wherever applicable.
- Clearly identify in the proposal the activities that will be executed directly by the agency and those that will require coordination, inputs, approvals, or execution by HI and/or its appointed technology partners.
- Work with HI to validate relevant tracking, conversion events, audience signals, and measurement configurations required for campaign performance and reporting.
- Maintain appropriate confidentiality, privacy, advertising-platform compliance, and data-security practices while accessing or processing HI information, audience data, campaign data, and related assets.
- Ensure that all campaign data, audience assets, creative deliverables, reports, and other engagement-related outputs created specifically for HI remain accessible to HI, subject to applicable platform terms and the final contractual agreement.
- Maintain full and appropriate administrative access for HI to its advertising and analytics accounts. The agency shall not create unnecessary vendor or platform dependency or restrict HI's access to campaign accounts or assets.
- Disclose any material third-party tools, technologies, production costs, or platform-related dependencies required for the proposed approach, including any associated costs or limitations.

Dashboards, Metrics, and Review Cadence

To ensure transparent performance management and effective optimisation, the agency is expected to:

- Establish and maintain a standard monthly performance reporting framework covering, as applicable, media spend, reach, impressions, clicks, engagement, donations/conversions, revenue, CPA/CPD, ROAS, and channel/campaign-level performance.

- Clearly document the attribution and measurement methodology used for reporting, including the basis for calculating donations, revenue, CPA/CPD, and ROAS.
- Provide analysis of incremental donation performance where feasible, recognising that incremental impact will depend on available data, tracking capabilities, and the agreed measurement methodology.
- Provide actionable insights and recommendations in each reporting cycle, including key performance drivers, areas of underperformance, optimisation actions, audience learnings, creative learnings, and opportunities for scaling.
- Participate in regular performance discussions with HI to review campaign performance, optimisation priorities, testing results, and recommended changes to media strategy or budgets.
- The frequency and format of working reviews and performance discussions will be mutually agreed during onboarding based on campaign requirements. The agency should recommend an appropriate review cadence in its proposal.

Checkpoints, Budget Prudence, and Transition Support

HelpAge India operates within non-profit budget constraints and expects the agency to balance growth ambitions with fundraising efficiency and prudent media investment. Agencies should therefore:

- Structure the engagement around measurable performance outcomes, with the primary KPI being ROAS based on incremental donations, with an aspirational target of 3–4x, subject to final KPI definitions, targets, and measurement methodology being mutually agreed during onboarding.
- Recommend appropriate allocation and optimisation of media budgets across Google Ads, Meta, and LinkedIn, based on audience relevance, campaign objectives, performance, and available budgets.
- Provide recommendations for scaling, reallocating, or reducing media investment based on campaign performance and emerging learnings.
- Participate in a 90-day performance checkpoint, where HI and the agency may jointly review early results, operational fit, constraints, audience and channel learnings, and agree on appropriate course corrections to the media mix, campaign approach, or targets.
- Recognise that campaign scope, media allocation, creative requirements, and priorities may be adjusted during the engagement based on performance, learnings, external conditions, and HI's fundraising priorities.
- Provide a clear transition and handover process at the end of the engagement, including relevant campaign documentation, performance learnings, account/access information, creative and audience assets, and other materials reasonably required for continuity of operations.
- Ensure that the proposed core team remains appropriately resourced throughout the engagement. The proposal should clearly identify key team members, their roles, relevant experience, and expected involvement. Any material changes to key personnel should be communicated to HI in advance.
- Where creative production or adaptation is part of the agency's scope, clearly identify any production limitations, third-party dependencies, or additional costs upfront and obtain HI's approval where required.
- Any commissions, incentives, rebates, or other financial relationships with media platforms, publishers, or third-party vendors that could materially affect the agency's recommendations must be transparently disclosed to HI.

HelpAge India values long-term partnerships and expects the selected agency to operate with transparency, accountability, continuity, and a strong focus on measurable fundraising outcomes.

Content Safeguards & Approvals

- Ensure all creatives and copy adhere to HelpAge India's dignity-first, non-exploitative communication approach (no shock/pity-led narratives).
- Route sensitive content (claims, impact numbers, beneficiary stories and visuals) through defined internal approvals before use.
- Apply robust placement controls on CTV, affiliates, Reddit and similar channels, including appropriate exclusions, whitelists and blacklists.

What is HelpAge's value proposition against competitors? - Our cause i.e. supports for the disadvantaged elderly. A niche in itself in the non-profit sector and being the oldest in the sector. We have a reach across India and community approach is our focus keeping the elderly at the center.

Content Topic/Exceptions: Anything beyond the elder support cause. Exception can be made to cover inter-generational and environment-friendly/climate initiatives which the organization marries with the elder cause.

Selection Criteria

The selection of the Agency will be conducted through a multi-stage evaluation process as outlined below. Each stage has defined submission requirements and deadlines. Agencies are advised to review all criteria carefully and ensure compliance with submission timelines.

Stage 1: Initial Application

Agencies expressing interest must submit a comprehensive application that includes the following:

1. Agency Credentials Deck detailing:
 - Organizational overview and profile
 - Relevant case studies and work samples
 - Demonstrated experience with nonprofit organizations
 - Industry benchmarks and performance indicators
2. Evidence of organizational capability to deliver against the Scope of Work.
3. Any additional documentation that substantiates fit for the engagement.

Preference will be given to agencies with prior experience in nonprofit sector engagements and demonstrated success in similar assignments.

Applications that do not meet the above requirements or are submitted after the deadline will not be considered.

Stage 2: First Pitch Session

Shortlisted agencies will be invited to present a pitch session either virtually. The pitch must:

1. Align directly with the RFP's Scope of Work and deliverables.
2. Reflect key insights based on the findings from our platforms and preliminary data.
3. Provide non-profit and wider industry benchmarks for performance mapping.
4. Include a clear plan of action with defined measurable outcomes.

5. Demonstrate innovative strategic approaches for digital brand growth, including but not limited to:

- Donor acquisition funnels
- Multi-channel engagement strategies
- Digital performance frameworks

Agencies must ensure that presentations are concise, data-driven, and tailored to our strategic goals.

Stage 3: Financials Submission

Agencies that successfully complete the pitch stage will be required to submit a detailed and itemized financial proposal. The financial submission must:

1. Cover all deliverables listed in the Scope of Work.
2. Provide a clear cost breakdown by service, deliverable, and timeline.
3. Include any assumptions, payment milestones, and terms of engagement.

Financial proposals should be aligned with industry best practices and demonstrate value while ensuring transparency.

Stage 4: Final Outcome

The selected agency will be formally notified via email communication. The final decision will be based on an aggregated assessment of:

- Demonstrated capability and relevant experience
- Quality and strategic alignment of the pitch
- Financial competitiveness and value offer
- Organizational fit with HelpAge India's mission and working ethos

Note: We would be happy to fill questionnaire, only after signing a full Non-Disclosure Agreement, via [email to procurement.query@helpageindia.org](mailto:email.to.procurement.query@helpageindia.org) deadline 19th September 2026
